CONVENTIONS, 1890.

STATE CONVENTION
Is held at Raleigh, on Wednesday,
August 20th.

CONGRESSIONAL CONVENTION,
The Third Congressional District
Convention meets at Clin-
ton, Wednesday, July 23rd.

Henry M. Stanley and Dorothy
Tennant were married on last
Saturday at Westminster Abbey.
Mr. Stanley was very unwell and
was compelled to sit through the
ceremony.

THE SILVER BILL HAS PASSED BOTH HOUSES.

We stated to our readers in
last week's issue that a com-
promise had been reached on the
silver bill by a conference of
both houses. This conference
report was brought up on last
Saturday and after some wrang-
ling on the part of the silver
men passed by a vote of 122 to
90. The bill as it passed was a
compromise on the original bill
and was denounced by some
as a cowardly surrender on the
part of the silver men, however
the bill will be quite a relief
and give us an additional cir-
culation of over \$7,000,000 a year
on the present price of silver.
So much for one of the great
demands of the Alliance.

On another page will be
found the text of the railroad
commission bill that was de-
feated in the Senate branch of
the last General Assembly of
North Carolina. We have been
trying to get hold of a copy of
it for some time. We had writ-
ten to Raleigh for a copy but
was informed that there was
only one copy in the place and
that it was in the State Library
and could not be taken out.
However there was and we had
asked to be allowed to publish
it for the information of the
public, but this request was not
granted. Whereupon we secured
the services of a clerk in Rale-
igh to go to the State Library
and copy the bill and send us
the manuscript, and it is the copy
from that manuscript that we
publish to day. Let our readers
study the bill and debate for
themselves whether or not it
would have reduced high rates
prevented unjust discrimination
and been conducive of good to
the people generally. Notice
especially the provisions in Sec-
tions 4 and 5 giving the com-
missioners power to force trunk
line roads to pull the cars of
any road or branch no matter
by whom owned. This enables
others than existing roads to
build lines to main line and
not be frozen out. This same
provision is in the Georgia Com-
mission and has done much to
stimulate railroad building into
sections where the existing cor-
porating would not have built.
In short the people are not at
the mercy of the big railroad
systems and are not forced to
get on their knees and beg too
often in vain, for a chance at
development, progress and con-
nection with the world. Also
notice in the latter part of
section 5 how a State commis-
sioner would work in harmony
with the Inter-State commis-
sion and how the latter will
work with greater efficiency
when every State shall have a
commission.

Weather crop Bulletin, N. C.,
Experiment Station and State
Weather Service, for the week
ending Friday, July 11th, 1890.
Central Office, Raleigh, N. C.
The reports of correspondents
of the Weekly Weather Crop
Bulletin, issued by the North
Carolina Experiment Station
and State Weather Service, co-
operating with the United
States Signal Service, show that
the early part of the week end-
ing Friday, July 11th, 1890,
continued to be very warm and
dry with an excessive amount
of sunshine, until Wednesday
night when a very rapid fall in
temperature took place over the
entire State. The maximum
recorded during the week was
98 degrees; the minimum Fri-
day morning 55 degrees, which,
is the lower than has ever been
observed here in July since
commencement of observations
in 1871. The cool weather will
be of too short duration to in-

jure crops. Drought has pre-
vailed for the past ten days at
many places, and garden stuffs,
corn and other crops have been
injured. Cotton is still in ex-
cellent condition and blooming
rapidly and will not be materi-
ally damaged if the average
amount of rain falls next week.
Curing of tobacco has commen-
ced in a few places. The grape
crop will be a good average one
this year.

DR. W. M. B. PHILLIPS.

Some years ago President Bat-
tle was criticized for supporting
Dr. Wm. B. Phillips for the Pro-
fessorship of Mining and Agri-
cultural Chemistry at the Uni-
versity of North Carolina. Dr.
Phillips soon showed that by
his learning, energy and aptness
to teach the selection was a good
one.

The taking from the Uni-
versity the Land Grant money for
the Agricultural College, caused
the Trustees of the University
to discontinue the Chair of Min-
ing and Agricultural Chemistry
and transfer these subjects to
the Chair of Chemistry under
Dr. Venable, with an assistant
on a small salary. Dr. Phillips
cleverly retired and opened a
Laboratory at Birmingham, Ala.,
where he has won such a repa-
ration for skill and learning that
the Trustees of the University
of Alabama have unanimously,
though Dr. Phillips sent in no
testimonial of any kind, elected
him Professor of Mining and
Metallurgy in that institution.
He will likewise act as State
Geologist, and his salary is \$2-
700 per annum.

So the judgment of President
Battle and the Board of Trustees
is fully vindicated.

The University of Alabama
is able to fill this professorship
as it has had from the United
States donations of public lands,
situate in Alabama, made main-
ly through the influence of Sen-
ator Morgan, it is said.

Dr. Phillips is a citizen of
North Carolina and a graduate
with honors of our University.
A special telegram to the
Star, published in Sunday's issue
states that at the annual meet-
ing of the Farmers' Alliance of
Cleveland county, held on Sat-
urday, it was resolved not to
nominate any candidates for
office but to abide by the deci-
sion of the Democratic Con-
vention to be held in that county.
Cleveland is one of the strongest
Democratic counties in the
State, ranking next to Catawba,
the banner county, and in this
action its Alliance has set a
commendable example to the
Alliances of other counties,
which we believe they will not
be slow to follow, if they ever
contemplated anything to the
contrary. We have too much
confidence in the good sense and
in the patriotism of the Demo-
crats who belong to the Alliance
to believe that they did, or that
they would jeopardize Demo-
cratic supremacy in North Caro-
lina, in which they have a vital
interest, by being privy to or
assenting to any break in the
party lines which would make
a Radical victory possible. We
commend the wisdom and the
patriotism of the Cleveland
county Alliance.—Wil. Star.

In a recent editorial in the
National Economist appears
the following:
"Sophistry may often sound so
plausible that it cannot be readily
answered in debate, but when it is
written it can be subjected to the
indisputable laws of analysis, and
always successfully combated."
The logic in the above para-
graph has been strikingly
illustrated to our readers recent-
ly in this county and through
the columns of this paper.

Our people appreciate the
high and deserving compli-
ments paid Judge Boykin at
the Kinston convention, and
congratulate the State upon his
renomination. His services are
secured on the bench for eight
years and no man could have
been found who will grace the
high and important position
with more dignity and ability.

Railroad Commission Bill

[Continued from First Page.]

employ damages provided that
all suits under this act shall be
brought within six months after
the commission of the alleged
wrong or injury.

SEC. 11. That in all cases un-
der the provisions of this act the
rules of evidence shall be the
same as in civil actions, ex-
cept as hereinbefore other-
wise provided. All fines re-
covered under the provisions of
this act shall be paid into the
State treasury, to be used for
such purposes as the general
assembly may provide. The
remedies hereby given the per-
sons injured shall be regarded
as cumulative to the remedies
now given by law against rail-
road corporations, and this act
shall not be construed as repeal-
ing any statute giving such
remedies.

SEC. 12. That the terms "rail-
road corporation," or "railroad
company" contained in this act
shall be deemed and taken to
mean all corporations, com-
panies or individuals now own-
ing or operating or which may
hereafter own or operate any
railroad, in whole or in part, in
this State, and the provisions of
this act shall apply to all per-
sons, firms and companies, and
to all associations of persons
whether incorporated or other-
wise, that shall do business as
common carriers upon any of
the lines of railroad in this
State (street railways excepted),
the same as to railroad corpora-
tions hereinbefore mentioned.

SEC. 13. All railroad com-
panies in this State shall, on
demand, issue duplicate freight
receipts to shippers, in which
shall be stated the class or
classes of freight shipped, the
freight charges over the road
giving the receipt, and so far as
practicable shall state the
freight charges over other roads
that carry such freight. When
consignee presents the railroad
receipt to the agent of the rail-
road that delivers such freight,
such agent shall deliver the
article shipped, upon payment
of the rate charged for the class
of freights mentioned in the
receipt. If any railroad com-
pany shall violate this provision
of the statute, such railroad
company shall incur a penalty
to be fixed and collected as
provided in section nine of this
act.

SEC. 14. That it shall be the
duty of the commissioners here-
in provided for to make to the
governor annual reports of the
transactions of their office, and
to recommend from time to
time such legislation as they
may deem advisable under the
provisions of this act, and the
governor shall have and cause
copies of such report printed
for distribution.

SEC. 15. That said railroad com-
missioners in making any examina-
tion for the purpose of obtaining in-
formation, pursuant to this act shall
have power to issue subpoenas for the
attendance of witnesses, by such
rules as they may prescribe, and said
witnesses shall receive for such at-
tendance \$2.00 per day, and 5 cents
per mile traveled by the nearest
practicable route in going to or re-
turning from the place of meeting
of said commissioners, to be ordered
paid by the Governor upon presenta-
tion of the subpoenas sworn to by the
witness as to the number of days
served and miles traveled before the
clerk of said commissioners, who is
hereby authorized to administer oaths.
In case any person shall willfully
fail or refuse to obey such subpoenas,
it shall be the duty of the
Judge of the Superior Court of any
judicial district, upon application of
said commissioners, to issue an at-
tachment for such witness, and com-
pel him to attend before the com-
missioners and give his testimony
upon such matters, as shall be law-
fully required by such commissioners,
and said court shall have power to
punish for contempt, as in other
cases of refusal to obey the process
and order of such court. The clerk
of said commissioners may serve
and return subpoenas by them, and his
returns thereof shall be evidence of
said service, and it shall be the duty
of the sheriffs in the State to serve
any process, subpoenas and notices
issued by said commissioners, and
they shall be entitled therefor to the
same fees as are prescribed may be
prescribed for serving subpoenas
issuing from the Superior Court; and
they shall be liable to the same fines
and penalties for failure to discharge
their duties on that behalf.

SEC. 16. That every officer, agent
or employee of any railroad who
shall willfully neglect or refuse to
make and furnish any report required
by the commissioners, as necessary
to the purposes of this act or who
shall willfully and unlawfully hinder,
delay or obstruct said commissioners
in the discharge of the duties hereby
imposed upon them, shall forfeit and
pay a sum not less than one hundred
and not more than five thousand dol-
lars for each offence, to be recovered
in an action in the name of the State.

SEC. 17. The commissioners and
their clerk shall be transported free of
charge when in the performance
of the duties of their office concern-
ing railroads over all railroads and
railroad trains in the State.

SEC. 18. That Section 1961, of the
Code, be amended by striking out
all after the word "road," in the
third line thereof, and all other laws
and parts of laws which allow any
person to charge a greater rate for
freight or fare than shall be fixed by
the said commissioners, are hereby
repealed; and all laws and parts of
laws inconsistent with the provisions
of this act are hereby repealed.

SEC. 19. This act shall be in force
from and after its ratification.

ENDORSED FOR CONGRESS.

ALBERTSON TOWNSHIP,
Duplin County, July 5, 1890.

At a large and enthusiastic meet-
ing of the Democratic voters of
this township held this day, it was
the day of the primary election, Jos.
B. Outlaw, Esq., was called to the
chair, and J. F. Maxwell was made
secretary, and committees were ap-
pointed on resolutions and on nomi-
nations of delegates to the different
conventions. All of their reports
were unanimously adopted. That
on resolutions was as follows:

Whereas, Duplin county holds no
convention through which our choice
of candidates for Congress may be
expressed, as is done in other coun-
ties; and whereas the white vote of
Albertson township is now, ever has
been, and we trust, ever will be so-
lidly Democratic, and is, we believe,
entitled to consideration in the coun-
cils of the country; and whereas our
distinguished fellow-citizen, B. F.
Grady, Esq., is peculiarly endowed,
both mentally and morally, with the
qualifications requisite for faithful
and efficient service in the Congress
of the United States; and whereas
his interests are identical with the
agricultural interests of his State
and county—he being a farmer in
fact as in name—his character unim-
peachable, and his ability unsurpass-
ed in the State; therefore be it

Resolved, That we, the inhabitants
of his native township where he was
raised and now resides, most earnestly
recommend him to the Demo-
cratic Convention to assemble in
Clinton on the 23d instant, as a suit-
able person to represent the Third
Congressional District in the next
Congress of the United States.

Resolved, That these proceedings
be sent to the Wilmington Messen-
ger, CLINTON CAUCASIAN, Fayette-
ville Observer and Goldsboro Argus,
with the request that they be pub-
lished.

Political Post-Some Suggestions.

(Special Correspondent.)
Mr. Editor—The political pot it
seems have commenced boiling from
the way some fellows are shaking
hands, asking after your health, how
is the family, how are the crops, won't
you go across the way and take a
smile, do have a cigar? &c., &c., &c.
Well, as the time is nearing for the
nomination of suitable men to fill
our county offices, and for representa-
tives in our next Legislature, I beg
leave to suggest a number for the next
House of Representatives, who is
as eminently qualified for the posi-
tion as any that we have been having
of late years. He is not a Clay or
Webster, but he is a man of good
hand practical sense and judgment,
good farmer and financier, is an or-
derable, conscientious high-toned gen-
tleman, (which is a great considera-
tion) and would fill the place with
as much credit as any man that we
could send from Sampson. He is
firm and solid; he could not be
bought, but would go for the interest
of his constituents; that man is W.
King Pigford. Mr. Pigford is not an
aspirant for office. This is without
his solicited knowledge or consent.
Yet if the people were to call
for him I know he has the magna-
nimity to respond to their call. As
there are several aspirants for the
Senate already, Kerr, Butler, Ste-
vens, Cooper, all good men and
my friends, I refrain from making
any suggestion on that score.

Well, county officers. What coun-
ty can boast of better or more effi-
cient officers than can old Sampson.
I don't believe in expiring off a
good, tried horse (old Charlie) for
that we don't know; better let well
enough alone, better keep old Char-
lie, who you know will take the old
'omen and chiluns to Clinton trading
and bring the back safely.

Respectfully, A VOTER.
CLINTON, N. C., June 30, '90.
Mr. Editor—I notice in your last
week's issue a plan proposed by G.
R. W. for nominating candidates by
the Democratic Party of Sampson
county; that is to let the voters of
the various townships meet at their
respective voting places on the day
appointed by County Executive Com-
mittee and cast the votes directly
for the men of their choice for Leg-
islature and County officers, and the
persons receiving the highest num-
ber of votes upon comparison on a
day appointed to meet in Clinton by
Executive Committee for that pur-
pose to be declared the nominees.
What can be better? What can be
fairer? This plan would bring out
more to the primaries. It would ob-
viate all this logrolling, manipulat-
ing, wire-working and packing,
which is evidently done by design-
ing men every year when elections
are to be held. This plan would
bring out the office seekers, the
man, and not the man seek the
office. Can you see any objection to
it? If not, go for it, for it is cer-
tainly better than the way it has
been done heretofore. A VOTER.

Weak Women.

The more sensitive nature of the
female sex renders women much
more susceptible than men to those
numerous ills which spring from lack
of harmony in the system. The
nervous system gives way, sick head-
ache is frequent, the appetite is lost,
and other ailments peculiar to the
sex cause great suffering. Hood's
Sarsaparilla is peculiarly adapted for
such cases, and has received the most
gratifying praise for the relief it has
afforded thousands of women whose
very existence before taking it was
only misery. It strengthens the
nerves, cures sick headache and indi-
gestion, purifies and vitalizes the
blood, and gives regular and healthy
action to every organ in the body.

This is one of Senator Blain's
rare bits of wisdom:
Since 1850, 25,000,000 babies
have been born in this country,
every one of them an ignoramus.

Many people are gradually
coming to the conclusion that
there were babies born in that
condition long before 1850, and
that at least one of them from
New Hampshire has never suc-
ceeded in becoming anything
else.—N. Y. Star.

A rich and successful mer-
chant in London has a wise view
of the benefits of judicious ad-
vertising. He says: "I always
feel happy when I am advertis-
ing, for then I know that, wak-
ing or sleeping, I have a strong
though silent orator working
for me; one who never tires,
never makes mistake, and who
is certain to enter the house-
hold from which, if at all, my
trade must come." That man
will never go to the poor-house.

Judge Boykin has given satis-
faction, we believe, wherever
he has held court during his
entire term of office. His nomi-
nation for another term by the
Democrats is a full recognition
of his fidelity and ability. He
will be elected.—Wil. Messenger.

NEW ADVERTISEMENTS.

The importance of purifying the blood can-
not be overestimated, for without pure blood
you cannot enjoy good health.
At this season nearly every one needs a
good medicine to purify the blood, and
cure the blood, and we ask you to try Hood's
Sarsaparilla. It strengthens and builds up the system,
creates an appetite, and tones the digestion,
while it eradicates disease. The peculiar
combination, proportion, and preparation
of the vegetable remedies used give to
Hood's Sarsaparilla a power to cure
curative powers. No other
other medicine has such a record of wonderful
cures. If you have made up your mind to
buy Hood's Sarsaparilla do not be induced to
take any other instead. It is a Peculiar
Medicine, and is worthy your confidence.
Hood's Sarsaparilla is sold by all druggists.

NOTICE

NOTICE.
Messrs. R. Kornegay, J. A. Westbrook and others of this place went to Mr. George Goodson's mill last Friday on a fishing frolic. They had lots of fun but we don't know how many fish they caught.

Mr. Bob Creach who lives near Indian Springs got his right hand caught in a cider mill at home Tuesday. His index finger was torn to pieces and had to be taken off. Dr.

J. A. Faison performed the operation. His hand was right badly bruised but the doctor thought it could be saved.
